

Flair Hotel Nieder, Bestwig-Ostwig

Project: Flair Hotel Nieder
Place: Bestwig-Ostwig (Sauerland)
Architect: Nils Oetterer, Werl
Time: 2011
Use: Hotel/Wellness
Area: 200 m²
Type: Underfloor Heating,
 Ceiling Heating

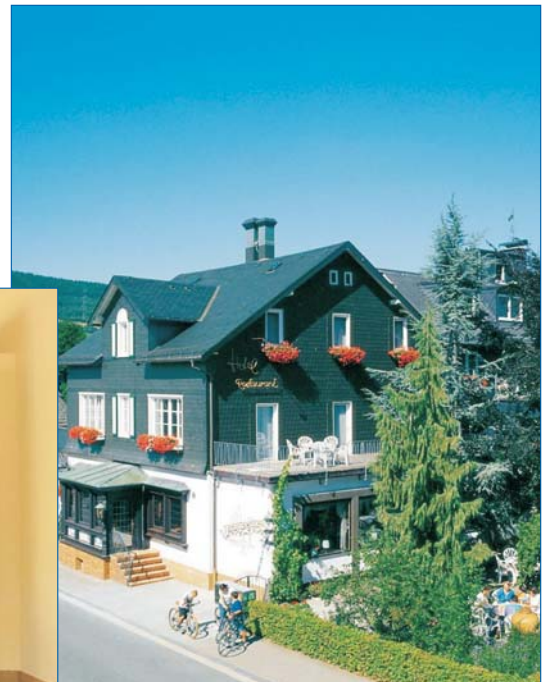

Massage room with ceiling heating

In order to amplify the services, Flair Hotel Nieder converted a neighbouring house into a spa area with sauna and massage rooms. Capillary tube mats as underfloor or ceiling heating provide pleasant, indirect warmth for the guests.

Relaxation room with underfloor heating
